Prevent Fires

FCC MAIL ROOM

February 24, 1993

TO: Federal Communications Commission  
1919 M. Street Suite 222  
Washington, D.C. 20554

FROM: Cloverdale Rural Fire Protection District

SUBJECT: FCC Docket 92-235

RECEIVED

MAR 2 1993

FEDERAL COMMUNICATIONS COMMISSION  
OFFICE OF THE SECRETARY

The proposed modification of band width separation and reduced base station power will create a nearly insurmountable problem for Cloverdale R.F.P.D. to maintain adequate service to the community. Our small volunteer District covers 39 square miles with several canyons and hills. We are rural in character with no commercial or industrial areas.

A reduction in base power will probably require more than one base station. At this time no action has been decided on with a possible outcome
